GLOBAL SPECIALIST RECRUITMENT

KEYFACTOR

 Website

 LinkedIn

A leader in Identity security for machines and humans, Keyfactor has demonstrated sustained growth in all areas of the business over the first quarter of 2024, off the back of achieving \$100M in ARR.

Across May and June of 2024, Keyfactor won a whole host of awards, with the CEO Jordan Rackie recognised by Ernst & Young as an Entrepreneur of the Year and the business winning the Fortress Cyber security award in cryptography for the third year running.

As they look to reach their long-term goal of \$250M in ARR within 4 years, Keyfactor are one to watch.

expel

 Website

 LinkedIn

Experts in managed security services including managed detection and response, Expel are going from strength to strength.

Off the back of being named as a leading MDR provider by IDC In April 2024, Expel's new offerings meet the varied needs of modern organisations of all sizes, which includes new integrations, automations and AI tools.

Cat Starkey was also promoted to CTO bringing Expel's female C-suite representation to 36%, significantly higher than the industry average.

orca security

 Website

 LinkedIn

Orca Security has revolutionised cloud protection with its agentless approach, supporting businesses internationally to gain visibility and security.

As a result of Orca Security's product being recognised as highly valuable by their customer base, In May 2024 they announced the expansion of their offerings into different areas of Europe, African and the Middle East.

Additionally, in June 2024, they received recognition by Notable Capital as part of their 'Rising in Cyber' list, as well as being named amongst 100 of the top cloud companies in Redpoint's 'Infrared 100' for the second year running!

AppOmni

 Website

 LinkedIn

AppOmni, SaaS Security Posture Management (SSPM) leader and SaaS security pioneer demonstrated further positive growth in all areas.

May 2024 was significant for AppOmni, as they announced that they had achieved YoY revenue growth of 116%, 38% employee growth, 40% increase in deal registrations through partners and that they had been certified as a Great Place to Work.

Also in early 2024, AppOmni introduced Zero Trust Posture Management, extending ZeroTrust implementation well beyond the network and infrastructure levels. With all this activity, it is exciting to see continued growth and innovation from AppOmni.

iboss®

 Website

 LinkedIn

iboss are known for their Zero Trust cloud security platform, designed to enable users to secure internet access from any location, on any device in the cloud.

iboss launched the Zero Trust SD-WAN solution at RSAC2024. Replacing legacy technology with a single-vendor solution, this launch didn't only meet the needs of customers, but also improved productivity and eliminated costs for businesses using the service.

The company were also named in Inc.'s annual list of 'Best Workplaces for 2024', showcasing their commitment to developing and maintaining an excellent workplace and company culture.

<) FORESCOUT

 Website

 LinkedIn

Forescout are a well-established leader in the OT space, offering network visibility and control services to a broad range of enterprise customers.

Notably, last quarter the business unveiled initiatives to directly impact and accelerate their partner success! They have committed to changing their Envision program to significantly reduce the time to market for partners, helping drive customer projects.

In addition to this, the business has been named a leader and fast mover in 2024 GigaOm 'Radar Report for OT security', emphasising Forescout's ability to evolve with the changing demands of the OT market.

Founded in 2010, TEHTRIS is a cybersecurity pioneer known for its AI-powered XDR platform, SIEM, and deception technology.

Expanding its global presence to Southeast Asia marks a significant milestone, following successful entries into Hong Kong in 2011 and Japan in 2022. TEHTRIS has also received CCN certification for its XDR AI Platform and TEHTRIS EDR solution, highlighting its commitment to innovation and growth.

Watch this global pioneer as they continue to expand and innovate in 2024 and beyond!

 Website

 LinkedIn

Cyberhaven, a California-based leader in data detection and response (DDR), has grown rapidly in recent years. In June of 2024, they secured \$88 million in Series C funding to advance their position in the fragmented data security market, especially in protecting data within generative AI applications and databases.

Led by CEO Howard Ting, Cyberhaven's innovative AI platform, featuring an autonomous chatbot agent, detects and neutralises threats in real time.

Not only were they featured in Information's 50 most promising start-ups, but also Fortune's 60 top companies. Cyberhaven, is definitely not a company to miss!

 Website

 LinkedIn

Horizon3.ai, known for its cyber-AI platform enhancing business intelligence and decision-making, made significant strides in quarter 2 of 2024.

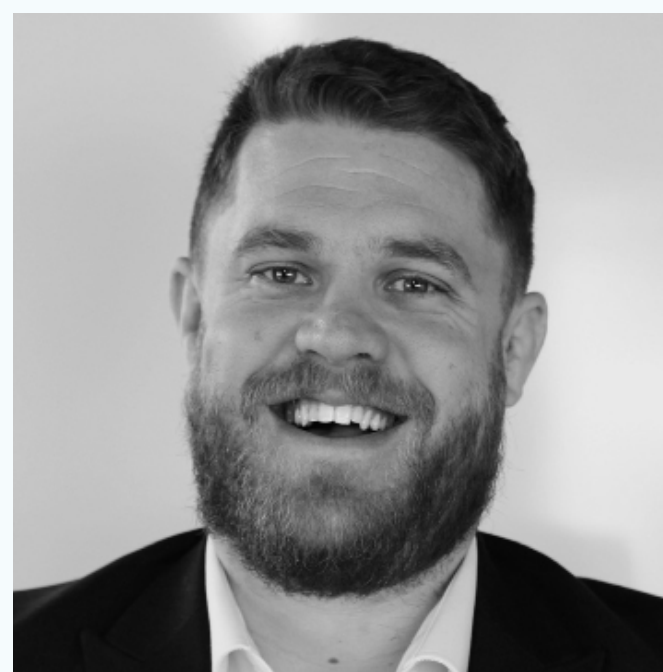

In June, Jill Passalacqua was appointed Chief Legal Officer. Other key appointments include Matt Hartley as Chief Revenue Officer, Erick Dean as VP of Product, and Drew Mullen as VP of Revenue Operations. These exciting appointments will drive growth and innovation while emphasising the company's trustworthiness.

Recognised in the industry, Horizon3.ai made the Intellyx Digital Innovators list for Spring 2024 and the Rising Cyber Awards of 2024.
